

Rubbing Compound

Quickly removes 1,500 grade and finer sand scratches from all types of refinish and factory applied automotive paints. May also be used to remove light oxidation, car wash scratches and other defects from paints that do not require sanding.

#81132, 32 oz.

#81138, one gallon

Foam Pad Polish

Recommended for removal of compounding swirl marks from all types of refinish or factory applied automotive paints. Also recommended to enhance color and add depth.

#83432, 32 oz.

Heavy Duty Rubbing Compound

Quickly removes 1,200 grade and finer sand scratches from all types of refinish and factory applied automotive paints. May also be used to remove heavy oxidation, car wash scratches and other defects from paints that do not require sanding.

#81232, 32 oz.

#81238, one gallon

Hand Glaze

Recommended for added shine and protection, Mothers® Professional Hand Glaze may be used after Foam Pad Polish to achieve unparalleled depth and clarity. Hand Glaze is easy-to-use and completely safe on all types of paints.

#84532, 32 oz.

Machine Glaze

This high-quality polishing glaze quickly removes compound haze, fine scratches and swirl marks from all types of refinish or factory applied automotive paints.

#82332, 32 oz.

Instant Detailer

Mothers® Professional Instant Detailer is a silicone-free, body shop safe, paintable product that provides unparalleled depth and clarity. This unique formula is easy-to-use and completely safe on all types of paints, including clearcoats. Simply the fastest way to prep and shine any vehicle's paint in any body shop environment.

#85624, 24 oz.
