6/case
Net Wt. 14 lbs.

1 Gallon - 3.765 liters
Part No.: 11050
4/case
Net Wt. 35 lbs.

DESCRIPTION:

WIZARDS® MYSTIC POLISH™ is a Machine Glaze formulated with exclusive Nano-Sphere Technology; developed to remove swirls, pad marks, and light scratches on the new scratch resistant and hard to buff, medium and high solid clears. Recommended as a Machine Polish/Glaze after compounding, or as a stand alone for light cut polishing needs. Outstanding results are realized on all types of paint/clears, including OEM and customs without dusting or swirling.

BENEFITS:

MYSTIC POLISH™ Machine Glaze quickly removes swirl marks, light scratches and minor defects from ALL color paint/clear, including black and dark colors. No need for a third product on dark colors using the WIZARDS® #11209 Foam Finish 2 pad. A deep and flawless finish can be achieved on all color med/high solids, scratch resistant, custom, and OEM finishes.

MYSTIC POLISH™ can also be used effectively for most general light buffing jobs; such as removing car wash scratches and light swirls found on neglected vehicles. Cutting speed, aggressiveness, and final gloss can be adjusted with proper pad choice coupled with buffer speed and operator technique.

FEATURES

- VOC compliant. No wax, silicone, or crystalline silica.
- Quickly removes swirls and light scratches from sensitive and hard to buff paint/clears: scratch resistant and medium/high solids.
- Produces deep, flawless, vibrant finishes on ALL colors.
- Can be used with rotary buffer, orbital DA, or by hand.
- Exclusive Super Nano abrasive will not scratch, swirl or leave holograms.
- Extreme show gloss finishing is easily achieved with proper pad choices adjusted for paint type.
- Quick and easy clean water-based system.

HOW TO USE:

Always apply to clean, cool and dry surface. Run buffer at 1000 to 1500 RPM using a WIZARDS® #11206 Gray Foam Pad. On black/dark colors continue with the softer, #11209 Foam Finish 2 Pad. (For orbital or D/A polisher apply product directly to pad. Set polisher at 4/5). Hold pad flat to the surface starting out slow, then speeding up applying light to medium pressure to remove swirls and fine scratches. Continue with overlapping passes while moving slowly side to side.

Reapply as needed but always lighten pressure on final passes and avoid dry buffing. Leave a slight wet film for final hand wipe down using a WIZARDS® #11420 Multi-Fiber™ cloth. DO NOT USE PAPER TOWELS for the final wipe down after machine polishing. Spur/wash pads as needed. If you see small scratches after wiping down, you are using the wrong pad and/or cloth.

For added gloss follow up with WIZARDS® 01214 Mist-N-Shine® Detailer and a clean #11420 Multi-Fiber™ Cloth.
